PROFILE

_____

General Information

I am a proactive person eager to learn. I have experience as a Full Stack web developer and knowledge in multiple technologies such as .Net with over 4 years of experience. I have employed agile methodologies like SCRUM, provided basic support in networking, and conducted software testing and analysis. I am passionate about development and following programming best practices. I consider myself capable and experienced in utilizing modern and innovative technologies in development.
"I believe that in programming there are no impossibilities, only things waiting to be discovered."

Experience

Evolution Technologies Group *(September 2021-Present)*

Currently working as a web developer, utilizing .NET, C#, SQL Server, GIT, Gitflow, .NET Framework in different versions including 5.0, Full Stack, Continuous Integration, Oracle, DevExpress, Razor, LINQ, Azure DevOps, API, Postman, Html5, Css3, JavaScript, Bootstrap, Microservices, decision-making with the team, problem-solving, and implementing improvements based on specifications. Worked on multiple projects.

IDAE SOLUCIONES *(October 2018 - December 2020)*

Adjusted and improved SAMM installation and functionality validation for clients. Developed using Visual Studio 2008 with Visual Basic ASP.NET, .Net Framework 2.0 and 3.5. Direct client contact, networking support, and remote development experience using agile methodologies (SCRUM).

PERIFERIA (IT GROUP) *(November 2017 - May 2018)*

Worked as a software testing analyst and manager, using programs like Mantis bug TRAKE.

Knowledge

Html5, Css3, Javascript > ES6, SQL Server, C#, Git, Github, Gitlab, API, ASP.NET, Azure DevOps, Python, Java, Visual Basic, JQuery, Bootstrap, NodeJS, Materialize, Sass, less, MySql, OOP, PHP, Angular, Laravel, Word, Excel, Unity, XML, SEO, UX/UI, Photoshop Wordpress(https://firstpagehaku.wordpress.com).

Education

Technologist (*April* 2016 – *April* 2018)

Analysis and Development of Information Systems (ADSI)

High School Diploma (2014)

English

Intermediate B1 level of English. I am constantly learning the language as it is not only necessary but also something I enjoy.

Hobbies / Interests

Research

I enjoy researching modern technologies and web development. International news is also of interest to me as it allows me to see different perspectives beyond my immediate surroundings.

Video Games

Contrary to the belief that video games are a negative pastime, I believe they are not a waste of time. They are not only entertaining but also useful for improving reflexes, spatial skills, concentration, and determination. Additionally, they teach perseverance towards a goal.

Continuous Learning

-Studying other languages such as English, French, and Japanese.

-I like to take notes on everything related to development topics that I plan to implement.

-Reading, which helps me clear my mind and expand my knowledge in various fields.
